All Authorities Agree.

The curative properties of Wolfe's Aromatic Schiedam Schnapps make it the ideal remedy in Infant and Female Troubles, the Allments of Old Age and a number of maladies such as Colic, Flatulence, etc. Its efficiency has stood the test since our great-grandmothers were infants. The best doctors indorsed it then, and so have all those intervening. Physicians, Nurses and other eminent authorities of today all concur. Get the Genuine from your Druggist or Grocer.

CKAGES. Stephens, J A THE HITY COUNCIL.

Regina C

Much Interest Attaches to the Meeting This Afternoon. Much interest is manifested in the outcome of the meeting of the city council this afternoon. It is expected that sev-Davis, Alf Denimon, Charlle Bodsen, H S Durbin, Chas H eral knotty problems will come up to vex the souls of the city fathers. The council is still in the intiltude of a "hung jury" Estill, Willie Evans, Poindexter in the matter of the selection of a health officer. The mayor has given no intimation that he intends to renege on his nomi-

nation of Dr. Wier, and it is presumed the council, or rather, a majority of it, will confinue to "stand pai" on its choice of Dr. Brumby for the place; and thus it would seem that unother deadlock, such as occurred at the last meeting, is inevitable, unless the contripctal force of the mayor and the centrifugal force of the

mayor and the centrifucal force of the council can be in some manner counteracted or combined. In case the council gets in the humor of refesing to adjourn, as was the case at the last meeting, it will have picenty of time to consider various matters of public concern. A report is expected from the committee which held a recent conference with the county commissioners relative to paving certain streets of the city in order to connect them with county roads that are baved. Since the commissioners have decided that the paving of these streets is a public necessity, and have authorized that bids be advertised for, it is expected that the report of the special council committee will be very satisfactory in every respect. Another matter that may come up for consideration is the quasi acquiescence that has apparently been accorded the proposition to decase certain forms of gambling in this city. An aliderman was asked yesterday what steps if any the council would take in the matter. He replied that he did not know, but that if the matter came up for consideration he would vote as he had done at a recent accerted to close up the slot machines and policy shops.

THE DEATH ROLL.

Burial of Leon Melazio. The funeral of Leon Melazic occurred yesterday afternoon at 2:30 o'clock 'meler the angless of the Margnerita Savoy society, an Italian benevolent association in which deceased held membership. The funeral certege was lead by a band playing the march of the dead, and the banters of the society were conspicuously dispuyed. Interment occurred in the Catholic cemetery, the last sad rites being conducted by Father Ranfield.

Died at Dallas. The many friends of Mrs. J. T. Wright will regret to learn of her death, which took place recently in Dallas, Fexas, Mrs. Wright, formerly Miss Ruth Goode, made her home for years with Mr, and Mrs. J. Z. Gasion of this city. She was a young lady of rare merits, and her sweet, winning manner endeared her to all who knew her.

Funeral of Mr. John Beard. Quite a number of the friends of de-ceased from this place attended the fu-neral of Mr. John Beard at Harrisburg testerday afternoon at 4 o'clock Mr. Beard enjoyed an extensive sequalitance at this place, and his death is deeply re-gretted by many friends.

Funeral of Joseph Armstrong. The funeral of Joseph Armstrong occurred at 5 sclock yesterday afternoof from the Westheimer undertaking pariors informent taking place in the Catholic cometery.

Shipped to Genoa. The remains of Mrs. Nellie Roberts, whose death occurred at 1805 State street Saturday afterneon, were shipped to Gausa yesterday morning for interment.

Alvin Local Notes. Alvin, Texas, September 13.-A large force of men and teams employed in con

structing the Independent long distance telephone line between Houston and Galveston, are stationed here for the present

veston, are stationed here for the present and working toward Galveston. The work is progressing very santifactority, notwith-standing the bad, wet weather for the past ten days.

Division Superintendent Scott spent several hours here yesterday looking over the yards and buildings of the company. The Post correspondent learned that Mr. Scott while here spoke very favorably of a new passenger depot for Alvin, besides other needed improvements. With the greatly increased receipts from passenger traffic at this place in the past two years it would certainly seem that this town was entitled to better depot facilities than it has.

Heavy rains continue to fall here daily and farming is almost at a standstill.

BAD DICESTION

Imperfect digestion is more serious and far-reaching in its effect than is generally understood. This state of health is like an open gateway to disease because germs that may be in the air we breathe at once seize such an opportunity to attack the vital organs. They slowly undermine the strength and energy, and a collapse comes—usually at a time when a strong healthy body is most needed.

which filters through the body, casting out injurious matter, stimulating the digestion and nourishing and strengthening every weakened part. It also purihes the blood, sharpens the appetite and creates energy. In this way it restores the system to perfect order.
